

Computer case ATX

Model: **AK17BK**

Product code	AK17BK
Product type	Computer case ATX
Format	Micro ATX
Series	Micro Tower ATX Case
Motherboard compatibility	Micro ATX, Flex ATX, Mini ITX
Drive bay 5.25" external	1 pc
Tool-less 5.25" drive installation	No
Drive Bays 3.5" internal	2 pcs
Drive bay 3.5" external	1 pc
Tool-less 3.5" drive installation	No
Drive bays 2.5" internal	2 pcs
Drive Bays 2.5" and 3.5" in all	5 pcs
Total internal bays	4 pcs
Total external bays	2 pcs
Maximum graphic card length	335 mm
Maximum CPU cooling height	150 mm
USB 3.0 ports on the front panel	2 pcs
USB 2.0 ports on the front panel	None
Total number of USB connectors	2 pcs
Audio input on the front panel	1 pc
Microphone input on the front panel	1 pc
Expansion card slots	4
Security lock	None
Cable management system	Basic
Installed fans	None
Spaces for additional fans	3
Fan slots description	Side: 12cm, back: 8cm, front: 12cm
Anti-dust filters	No
Power supply tunnel	No
Power supply unit included	No
Material	Galvanized steel, ABS
Product color	Black
Display	None
Package	EcoBox
Product size (L x W x H)	370 x 170 x 350 mm
Package size (L x W x H)	390 x 210 x 415 mm
Net weight	2.2 kg
Gross weight	2.7 kg
CE compatibility	Yes
Included accesories	AK-CA-03, AK-CA-20

EAN code	5901720134431
Warranty	24 months

Description

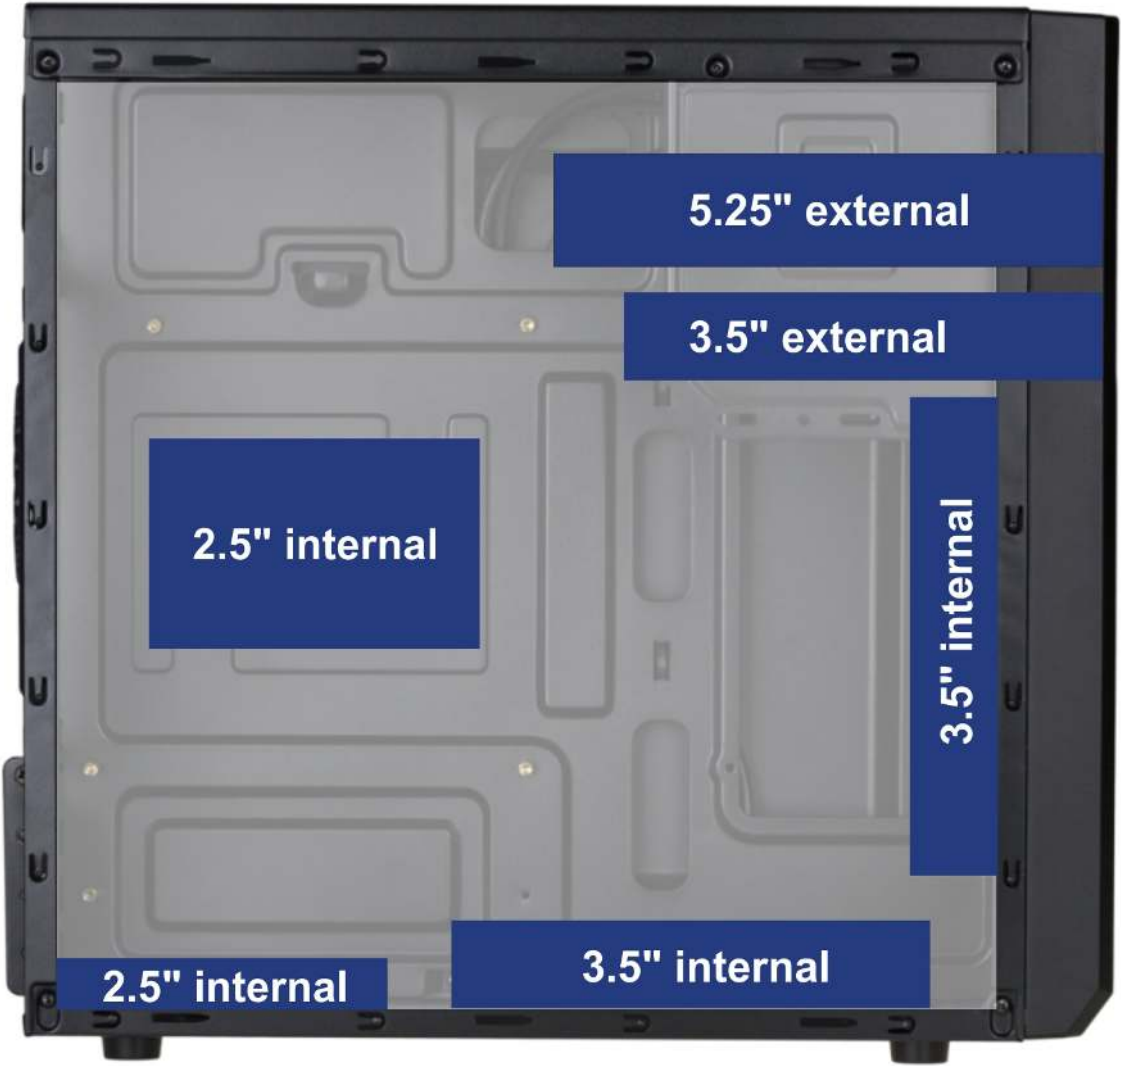

Case **AK17BK** is a product of Akyga's Micro Tower offer, dedicated for users who want to create a compact computer. Small PC computer forms are becoming more and more popular because they take up little space and don't create the impression of "cluttered" room - whether in the office or at home.

The case is suitable for three motherboard types - **Micro ATX, Mini ITX and Flex ATX**. Placed in upper part **external 5.25" bay** allows for CD/DVD drive installation and **external 3.5" bay** is suitable for mounting card reader. For inside drives there are **two 2.5" and two 3.5" bays**. The applied **cable management system** and specially adapted holes inside the case make installation of the components fast and easy. The **spacious interior** holds graphic cards up to **335 mm** long. To improve the ventilation there is a place for installing up to **3 fans**. Maximum CPU cooler height is **150 mm**.

On the front there is a panel equipped with **two USB 3.0** ports for very fast data transfer. Headphones and microphone outputs are placed right next to, providing quick access for connecting peripherals.

To protect the environment, all Akyga's cases are packed in Ecobox.
