

Model: ST-3525

Art.: 88887365

Small Hot-Swap device supporting one 2.5" and two 3.5" hard disks for additional mounting in two external 5.25" bays.

You can insert the hard disks directly into the device without using an additional mounting frame. When opening the device an intelligent mechanism pushes the hard disk out to remove it easily.

Furthermore each Hot-Swap frame can be locked separately to protect your disk for theft.
