Product name: ENDORFY Spartan 5 MAX ARGB
Product code: EY3A004

The ENDORFY Spartan 5 MAX ARGB is only 14.6 cm tall, but it could easily compete in the ~~dark~~ icy knight competition — all thanks to a 120 mm Fluctus ARGB fan. We mounted it on a densely finned heatsink with four heat pipes, so you can squeeze the last juices from the CPU without worrying about it running hot. Simply mount it (the ENDORFY Spartan 5 MAX works with most sockets, from older ones like AM1 and LGA1156 to AM4 and LGA1700) and you're good to grind. Cooler will freeze like a stare of a cosplayer who didn't get the last ticket to the convention.

To further help you with your PC build — we've also released ~~a cheat sheet~~ video instructions, so you can set the ENDORFY Spartan 5 MAX up in mere minutes. No hassle.

Someone silence this mosquito!
The list of things louder than the Spartan 5 MAX ARGB is long. We have on it, among other things, mosquitoes, the breath of your BFFs during a video call and the wind that moves the curtains when you leave the windows open.

That's because a constant stream of airflow is supplied by the award-winning 120 mm Fluctus ARGB fan. The blades have been shaped in such a way as to blow as much air as possible through the densely arranged heatsink fins. Each blade has a wavy edge, which further reduces fan noise (psychoacoustic optimizations used in Fluctus fans are patent pending).

MAX power in MINIMAL format
If someone asks us to summarize the Spartan 5 MAX in one sentence, we usually say that our cooler packs a MAX power in MINIMAL format. At its highest point, it's only 14.6 cm tall — short enough to fit even smaller cases.

Such effective cooling is possible thanks to the heatsink with dense ribbing, which collects thermal energy well. The optimized base with direct-touch heat pipes drastically improves the dissipation of heat.

OMG, it's ~~double~~ ARGB rainbow!
If you dream of a ~~double~~ ARGB rainbow on your desk, it's high time to make friends with the Spartan 5 MAX ARGB cooler. Its backlight creates a colorful glow, which you can adjust to fit the look of your battle station.

With the ARGB backlight, you can easily match the look of your cooler to your other components and peripherals. Choose from a wide variety of colors, or even set a specific illumination effect, including a shimmering rainbow or pulsating waves.

The Spartan 5 MAX ARGB performs just as well as its non-ARGB counterpart. We don't compromise on performance for cool looks.

Assembly in a moment
You can literally mount the Spartan 5 MAX ARGB in a moment without additional fancy tools. Together with the cooler, we've released video instructions that will guide you step by step through the whole process.

By the way, we've taken care of the usually hardest things — we've preinstalled a 120 mm Fluctus ARGB fan for you — so you'll be able to handle the whole process easily, even if it's your first time assembling a PC.

6-year warranty
We have been in the industry for a long time, and we know that the ENDORFY logo = high quality that cannot be faked. That's why with the Spartan 5 MAX ARGB cooler you get a long, 6-year warranty (although you probably won't use it anyway).

ENDORFY Spartan 5 MAX ARGB – main features:
- Cost-effective CPU cooling
- Compact design
- Integrated Fluctus ARGB fan
- Extended fan speed range
- Bright ARGB LED illumination
- Easy and rapid installation
- 6-year warranty

ENDORFY Spartan 5 MAX ARGB – technical specifications:
- Product code: EY3A004
- EAN: 5903018665818
- Product type: CPU air cooler
- Colour: black
- Radiator dimensions: 146×125×65 mm
- Radiator type: tower
- Heatpipes: 4
- Maximum number of fans: 1
- Fans (included): 1
- Included fans:
  - 1 × Fluctus ARGB (integrated)
    - Fan dimensions: 120×120×25 mm
    - Fan speed: 250 (±100) – 1500 (±10%) RPM
    - Control (speed): PWM
    - Connector (fan): 4-pin (male and female)
    - Voltage (fan): 12 V
    - Current (fan, peak): 0.23 A
    - Control (LED): ARGB
    - Connector (LED): 3-pin (male and female)
    - Voltage (LED): 5 V
    - Current (LED, peak): 0.28 A
    - Fan bearing: FDB
- MTBF: 100 000 h
- TDP: 180 W
- CPU compatibility:
  - AMD: AM5, AM4, AM3(+), AM2(+), FM2(+), FM1
  - Intel: LGA1700, LGA1200, LGA1150, LGA1151, LGA1155, LGA1156
- Warranty: 72 months

ENDORFY Spartan 5 MAX ARGB – logistics data:
- Retail box dimensions: 153×113×184 mm

- Weight (net): 490 g
- Weight (gross): 615 g
- Master carton dimensions: 590×325×402 mm
- Master carton weight (gross): 13.7 kg
- Product quantity in master carton: 20 pcs

Set includes:

- Spartan 5 MAX ARGB heatsink with integrated Fluctus ARGB fan and pre-applied Pactum PT-3 thermal paste
- Mounting accessories
- Safety instruction
