Smart lighting functionalities easy to set up
Enjoy the benefits of smart features instantly, just by connecting your WiZ light to your Wi-Fi network. Control lights easily when you're away from home and scheduling lights to go on and off automatically. No need to install additional hardware such as hub or gateway!

Set up lights to follow your own schedule
Automate your smart lights to follow your daily or weekly routines. Schedule your lights to turn on in the morning or before you arrive home, and to keep them off to save energy, when they are not necessary.

Create your perfect light scene
Make your own mix of different colour and white lights modes to create the perfect light ambience for your daily moment. Simply save your new Scene and select it anytime with the WiZ app or voice.

Set the right ambience with tunable warm to cool white light
Choose from a wide range of energising cool white to soft warm white light, or simply select from the preset modes such as Focus and Relax to create the best ambience for your activities.

Dim your smart lights even without a dimmer
Simply adjust lights to your desired brightness level using your smartphone, the WiZ control accessory or just your voice. No need to install an expensive dimmer!

Control smart lighting the way you like it
WiZ enables you to control smart lighting in multiple ways. Adjust lights with your smartphone, voice, the WiZ remote control or by using the existing wall switch to toggle between two favourite modes. Works with Google Home, Alexa and Siri Shortcuts.
