**compared to Philips Featherlight Plus
****Tested externally on cotton fabric on E. Coli, S. Aureus and C. Albicans, 10 sec. steaming time.

Highlights

Eco Mode

Eco Mode for reduced power consumption for cost saving and sustainability.

Easy temperature control

An elevated temperature control and variable steam setting is easy to operate and precise. You will always have the right temperature and steam for your garment.

Calc-clean solution

Calc-clean for extending iron's life

Slim-tip soleplate

The slim tip of the soleplate allows you to reach easily into the trickiest areas, such as between the buttons, in pleats and in the corners.

Comfortable handle

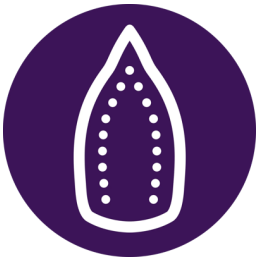

The texturing on the handle of the iron ensures a comfortable and ergonomic grip, so that your hand fits well and does not slip during ironing.

Large water tank

250 ml water tank lets you iron more garments with fewer refills

Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

Kills 99.99% of bacteria**

1000 Series removes 99.99% bacteria** from your garments in as little as 10 seconds

Power up to 2000 W

Power up to 2000 W, enabling constant high-steam output
